

# Newsletter

August 2023

Summertime is soon coming to an end, and finally a new newsletter from KP a/s.

During the year we have launched some new products, some of which you can read more about here. Please feel free to contact us and discuss your need for reliable measuring.

## **Temperature sensor with integrated programmable transmitter.**

Our new **RT-BP1-T** is equipped with a programmable transmitter with 4-20mA output.

Easy electrical connection with M12 connector.

It's available with different process connections to fit in most applications.

- Pt100 or Pt1000
- Range  $-50^{\circ}\text{C}$  to  $+250^{\circ}\text{C}$
- Quick reaction time
- Withstands vibrations
- Click [here](#) for more information

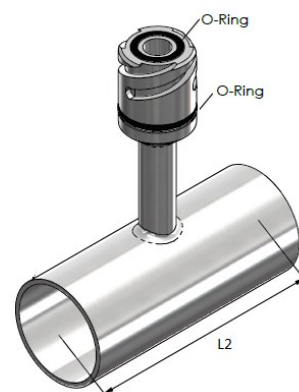

## **In-Line pocket for small pipes**

Our new thermowell "In-Line" for measurement in small pipes.

Part of our product line "Quick connect"

- Weld-in pocket
- Quick reaction time
- Engraved HEAT number
- Pipe size: DN20 and DN25
- More information [here](#)

## **Seminars**

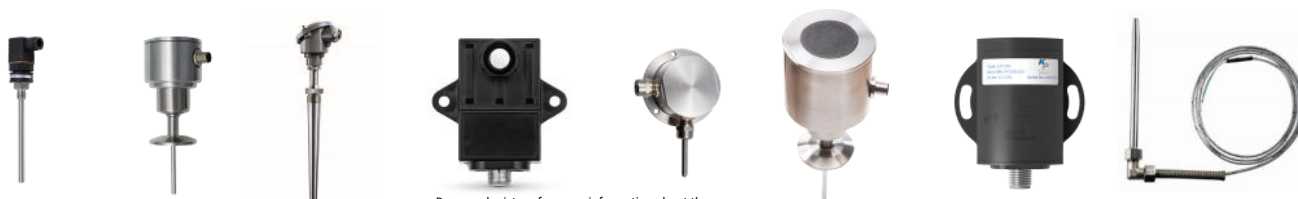

In coming months we will arrange seminars regarding temperature measurement, Vibration monitoring and how to connect different sensors to a condition monitoring system. Times and place will be informed at our [Website](#), [LinkedIn](#) and [Instagram](#) so make sure you are following us.

If you would like to know more, or have a demonstration of our products, please contact:

Ole +45 2124 5472, [oem@kp-as.com](mailto:oem@kp-as.com) or Stefan +46 725 266 638, [stg@kp-as.com](mailto:stg@kp-as.com).

You can also contact our HQ in Copenhagen at +45 3976 0203 or [sales@kp-as.com](mailto:sales@kp-as.com).
