

Application:

- For fitting plain stemmed sensors with adjustable attachment to the process.
- For applications where the precise insert length of the thermowell is unknown, and for direct contact with different media

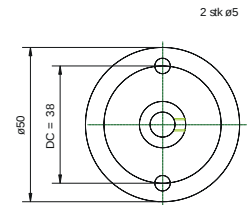

Properties:

- Can be easily mounted
- Available in different materials, e.g. stainless steel, cast iron with ceramic sealing

Flange DIN 43734 Cast iron

Adjustable flange AISI 316

	MA-FL	10113-E130824V1.1
